## Covid and Athletics

If your student will be participating in sports over the summer, here are some Covid guidelines, taken from the MN State High School League, that you may wish to apply to your child should your athlete become ill.

Evaluate: How ill was your athlete?

- Positive test with No symptoms
- Mild symptoms
- Moderate symptoms (fever >72 hours, shortness of breath, exercise intolerance, chest tightness, dizziness, fainting, palpitations, or total symptom duration > 10 days (Except loss of taste & smell)
- Severe symptoms (high fever, fainting, on medical oxygen, hospitalized)

It is highly recommended that students see a physician prior to returning to sports after any Covid infection but should definitely be seen post severe infection for fitness to return to strenuous activity.

Participation may begin at least 10 days post positive test/onset of symptoms with no symptoms or fever (without fever reducing medications for at least 24 hours)

- Loss of taste/smell may take longer to subside, and should not limit activity
- Chest pain/tightness at rest
- Chest pain/tightness with daily activity
- Chest pain/tightness with exertion
- Unexplained passing out, or nearly passing out
- Skipped heart beats or racing heart with activity
- Significant ongoing fatigue
- Persistent or recurrent fevers/chills
- Shortness of breath
- Dizziness with physical activity
- Persistent or recurrent vomiting

Any yes response should be cause for physicians to evaluate for medical eligibility. If all responses are no, follow the 7 day Graduated Return to Sport Protocol. Stop and contact your student's physician if any of the above symptoms occur during the return to sport 7 day protocol. The full document can be found below:

3 Different Offerings for this Summer:

**Strength and Speed (7:00 am – 8:45 am) on Mondays, Tuesdays, and Thursdays \$125** – Weight room strength training designed to improve players overall strength and speed. Will be working primarily on lifts that improve football specific muscle groups and use a combination of running and plyometric training for improving overall player speed.

**Passing Camp (9:00 am – 10:30 am) on Mondays and Thursdays \$50** – Will work on all things passing – both Offensively and Defensively. Route running, catching, route combinations, pass coverages, pass defenses and positioning, etc. This is ideally for skill position players (WRs, RBs, TEs, QBs, LBs and DBs).

**Lineman Camp (9:00 am – 10:00 am) on Wednesdays \$40** – Will work on both Offensive and Defensive line skills and drills to improve our lineman position groups on both sides of the ball. This is ideally for OL and DL position players, but also could be beneficial for TEs and LBs.

**\*7 on 7 Passing Scrimmages (TBD)** – More information to follow, will need to have attended at least 3 Passing Camp or 2 Lineman Camp days, will be competing against other schools from the area in a 7 on 7 scrimmage. Typically held on Sunday evenings, but times and dates have not been finalized as of yet.

If you have any questions on camp details contact Academy Force Football Head Coach Ryan Wood at [wood0840@umn.edu](mailto:wood0840@umn.edu)

\*You will see an offering on the website for a Team Camp and a Youth Camp, as of this moment we will not be holding those as we are unable to staff those with the transition from the old coaching staff to the current one. As of now we will extend Passing Camp one week into the week of July 25th and run that 3 days that week on Monday, Tuesday, and Thursday.

**Attention students in grades 7-12, interested in football for next fall? Come meet our new Head Coach, Tuesday at noon in the gym for more information!**
