TCA AVID SPOTLIGHT

In **AVID 12**, we've hit the ground running with college and internship applications! Each 12th grade student has researched three to five different careers they are interested in as well as the amount of schooling each of these desired careers involve. Based on their results, students are completing applications for two and four year colleges to start next year, or are searching for apprenticeships they can start once they graduate. The 2022 AVID seniors were offered a combined total of **\$1,159,300** in scholarships for four years of college, and our goal this year is to beat that total!

Parents of Seniors: Your student should have had their 2nd Meningococcal vaccine prior to their senior year of high school. This new requirement was established by the State of Minnesota last year and will be required by any educational system that your student will encounter after they graduate. Please send a copy of your student's updated vaccine record in with your student, or email a photo to aseashore@twincitiesacademy.org.

Parents of Middle Schoolers: Your student should have had their first Tdap and Meningococcal vaccines prior to beginning middle school. If you are not sure if your student has had these vaccines, please contact your child's physician and ask for an updated vaccine record.

Legally your student needs to be up to date on all of their vaccines to attend school. If you receive a notice that your student is not up to date on their vaccines, the Health Aide needs to hear from you to ensure your students' continued attendance.

We know that diseases that we, as Americans, thought had been banished forever, have been cropping up unexpectedly, partly because we have not kept our children and ourselves, up to date on all of our vaccines.

Polio, a disease causing muscle weakness and deterioration, is one of those diseases that made a brief reappearance, emphasizing the need to maintain our vaccine schedules.

Vaccine alerts will be going out next week. Please contact the Health Office, contact info below, if you have any concerns about being able to get in to update your vaccines.
